

MEMORANDUM OF UNDERSTANDING

between

**College of Electrical Engineering & Computer Science, National Taipei
University of Technology**

and

The Information Technology Institute, Vietnam National University, Hanoi

The College of Electrical Engineering & Computer Science, National Taipei University of Technology (NTUT) and the Information Technology Institute, Vietnam National University, Hanoi (VNU-ITI) aiming to develop cooperation and academic exchange in education and research between the two entities, have agreed as follows:

1. Based upon the principles of respect for each other's independence and of mutual benefit, the two entities will carry out the following activities:
 - a. Joint and cooperate research activities;
 - b. Exchange of professors, researchers, and staff;
 - c. Exchange of students, graduate students, postgraduate students and post-Doctoral with a period of more than 6 months for each research exchange;
 - d. Exchange of scientific materials and publications.
 - e. Form a joint research group on Artificial Intelligence (AI) between the two entities.
2. In order to carry out above-mentioned activities, a detailed plan is to be formed after consultation between the two entities.
3. The memorandum of understanding (MoU) may be revised or terminated upon mutual consultation and consent between the two entities.
4. This MoU comes into force on the day when representatives of the two entities affix their signatures, and is valid for 5 years. This MoU is renewed automatically as long as neither party gives notices of termination to the other.
5. The notice of termination of the MoU needs to be given six months in advance.
6. The MoU is executed in a set of two copies, and either entity retains one copy.
